[LeetCode](#) ---- [Hackerrank](#) ---- [GeeksForGeeks](#)

EDUCATION

IMS Engineering College, Ghaziabad

Ghaziabad, India

Bachelor of Technology in Computer Science and Engineering with aggregate 8.57 CGPA 2022 - 2026

Fertilizer Public School

Shahjahanpur, India

Senior Secondary
Secondary

2021 - 2022
2019 - 2020

PROJECTS

Handwriting Recognition Calculator | Python, EasyOCR, PYAutoGUI, Tkinter Dec 2024 - Jan 2025

- Developed a **Handwriting Based Calculator** enabling users to draw the mathematical equation directly on the canvas.
- Parsed and evaluated mathematical expressions in **real-time** using Python logic, and displayed results back on the canvas dynamically.
- Github Link: [Repository Link](#)

Real-time Voice Assistant | Wikipedia, pyttsx3, speech_recognition, pywhatkit. Jun 2024 - Jul 2024

- Built an intelligent voice assistant using Python.
- Capable of opening apps/websites, performing searches, reading WhatsApp messages and replying them using voice commands.
- Github Link: [Repository Link](#)

ACHIEVEMENTS

- Qualified the TCS National Qualifier Test, demonstrating strong problem-solving and analytical skills in Java. [Proof](#)
- Achieved HackerRank's Python (Basic) Certification. [Certificate](#)
- Achieved HackerRank's Java (Basic) Certification. [Certificate](#)
- Ranked among top Python Coders on HackerRank, highest rated **5 star**. [Proof](#)
- Solved **450+** DSA problems on LeetCode in Java. [Proof](#)
- Completed IBM's "Introduction to Artificial Intelligence (AI)" Certification Course. [Certificate](#)
- Secured **Global Rank 970** in LeetCode Weekly Contest 418. [Proof](#)

SKILLS

- Java and Python
- HTML, CSS, JavaScript, React
- Mathematics and Problem Solving, Data Structures and Algorithms, Object Oriented Programming.

LANGUAGES

- English
- Hindi
